

SALARIED GP WITH A VIEW TO PARTNERSHIP

Oakhill Medical Practice, Dronfield, S18 2EJ
Required to work 4-6 sessions per week (negotiable)

This is a unique opportunity for you to take on a Salaried GP role within a successful practice. Due to Retirement, an opportunity has arisen for a Salaried GP to join our friendly and supportive team.

Oakhill Medical Practice is a purpose built owner occupied practice located in a quiet residential area within easy commute of Sheffield and Chesterfield. It is a relatively calm practice with a dedicated team of long serving loyal staff.

The Practice does Extended Hours one evening and one early morning a week, A and E Attendances and referrals are low and on the whole appropriate. Patient demand is manageable; the practice does Signpost patients but the GPs do very little telephone triage.

We are currently a 4 Partner practice working with a strong professional team, delivering General Medical Services to a registered list of 4600 patients, our demographic leans towards older, retired patients though with developments planned in Dronfield this could change.

We are seeking a friendly, enthusiastic and committed doctor to complement our existing team who can work 4-6 sessions to commence in April 2018.
