

Salaried GP with a view to Partnership –7 sessions per week

Somercotes Medical Centre (Derbyshire/Notts border)

Due to the planned retirement of a colleague at the in August 2021, we are looking for a GP interested in becoming a partner to work up to 7 sessions per week.

We are a GMS practice with 7500 patients and 5 GP partners. We believe strongly in the well-established values of family practice and continuity of care. Our patients enjoy good access to appointments both pre bookable and on the day. Our whole team is something of a family, we work well together to meet our patient's needs and maintain our own work life balance. We have excellent support from our nursing, administration and reception teams. We encourage each other in developing different interests and areas of expertise within the practice.

We also strive for excellence and this is reflected in our Outstanding CQC rating and consistently high QOF scores.

- We are a training practice for both GP Registrars and medical students (a role which we both value and enjoy).
- We are a level 2 research site engaging regularly in studies throughout the year as part of the Primary Care Research Network.
- We were winners of the East Midlands Leadership Award as Patient Champion of the Year in 2015 and a received commendation at the BMJ awards in 2016 in the category of primary care team of the year
- We have an active patient participation group who have set up a café in the surgery and provide support for carers, bereaved individuals and those who are isolated or lonely.
- We are actively engaged with our PCN and opportunities for additional hours are available through them
- We hold educational meetings each week

An interest in minor surgery and joint injections would complement our current skills mix and is highly valued by our patients.

What sort of patients? Think of factory not farming, honest labour not stockbroker.

Easy access to the Peak District, Derby and Nottingham so you can choose rural or city life.

For more details and to express an interest please contact our practice manager Collette Hallam at collette.hallam@nhs.net or Tel: 01773 602141
Or Dr Elise MacLachlan emaclachlan@nhs.net

Applications in writing with CV, covering letter and 2 referees to collette.hallam@nhs.net
Closing date 6th April 2021
