An opportunity has arisen for a GP to join a forward thinking and supportive practice team with easy access to the Peak District, close to the cities of Derby, Nottingham & Derbyshire and historic Chatsworth.

We are three practices working closely together; our list sizes are 2,500, 7,800 and 9,500.

The Practice has a strong focus on continuous development and improvement at all levels. It has funded several Practice Nurses to attain a prescribing qualification.

The Practices have a wide-ranging skill mix to include GP Partners, Practice Managers, Phlebotomists, Health Care Assistants, Practice Nurses, Triage Nurses, Advanced Care Practitioners, Pharmacist, Physiotherapist, Registrars and medical students, with a full administrative support team.

We undertake the full range of PMS services, DNA testing and other private medicals. The Practice undertakes its own phlebotomy and minor ops. We provide Family planning services including contraceptive implants and a vasectomy service. The Practice has many associations with local care homes and is aligned to an independent hospital for people with mental health needs.

The Practice provides insulin initiation and an in-house anticoagulation service to monitor patients' blood.

We are looking for a salaried GP to start ASAP but we would be willing to wait for the right candidate.

We welcome applications from GPs at any stage of their career and we can be flexible regarding number of sessions/days. We are

- SystemOne, Ardens, ERS and AccuRx
- Good CQC rating (reassessed Feb 2021)
- GPs with interests in women's health, minor surgery, safeguarding and service development
- Members of South Hardwick PCN with support from Clinical Pharmacists, in-house Physiotherapist, Social Prescribers
- In-house support for CPD
- Well placed for access to good local schools

- Semi-rural practices within easy commuting distance of Derby, Chesterfield and Nottingham.
